We're a member of the Financial Wellbeing Collective – a collaboration of not-for-profit community service organisations and local government who provide a range of integrated and person-centred services.

Learn more about the Financial Wellbeing Collective at: thefwc.org.au

Managing finances can be difficult. But there are ways you can get control of your money and reduce your stress.

Individual coaching

Our coaching sessions are a safe space for you to explore your values and beliefs around money. We'll support you to understand and resolve issues and set clear, achievable financial goals.

Individual budgeting sessions

If you'd like private, practical help to set up your budget, we can help. We'll walk you through the process, including tips to stick to your budget.

If you'd like more support, including financial counselling and emergency relief, you can learn more about FWS at unitingwa.org.au.

Workshops and webinars

We can teach you a range of money management skills, including:

- Budgeting
- Understanding credit
- Managing debt
- Stretching your money further
- Planning for the future.

If you have a specific topic you'd like to learn about, let us know.
